(b) Food Microbiology
(c) Industrial Microbiology
(d) Medical Microbiology
Entry Requirements for Ph.D:
Candidates must have an M.Sc Degree in the relevant Microbiology area with a CGPA of at least 3.50 on a 5-point scale.

27. DEPARTMENT OF ANIMAL & ENVIRONMENTAL BIOLOGY
- (i) PGD in Animal and Environmental Biology
- (ii) M.Sc, Ph.D in the following areas:
- (a) Hydrobiology and Fisheries Biology
- (b) Environmental Parasitology and Public Health
- (c) Environmental Entomology & Pest Management
- (d) Environmental Animal Physiology
- (e) Environmental & Conservation Biology

Requirements for M.Sc in Animal & Environmental Biology:
Candidates must possess at least a Second Class Honours Degree of the University of Port Harcourt or any other recognized University in the relevant subject (e.g. Zoology, Biology, Crop Science, Environmental Sciences, Biology, Education etc. with a minimum CGPA of 3.00 on a 5-point scale or its equivalent.

Requirements for Ph.D in Animal & Environmental Biology:
Candidates for the Ph.D programme must have a Master's Degree and should normally have an average of at least 60% or CGPA of 3.50 in the relevant discipline at the Masters level.

www.myschool.ng

For candidates who obtained their Masters exclusively by research assessment, admission will be based on the quality of their thesis. Candidates may be required to attend a pre-admission interview session. Final selection of a candidate shall be based on his/her interview performance and other criteria.

28. DEPARTMENT OF PHYSICS

Requirements for PGD in Physics:

Candidates must possess a Bachelor's Degree in Physics from the University of Port Harcourt or any other recognized University.

Requirements for M.Sc in Physics:

A minimum of Second Class Lower Degree with a CGPA of not less than 3.00 is required for M.Sc programme of the Department.

M.Sc, Ph.D in the following areas:

(a) Solid State Electronics
(b) Applied Geophysics
(c) Material Science
(d) Theoretical Physics
(e) Environmental Physics

Requirements for Ph.D in Physics:

Candidate must have MSc Degree in the relevant field in addition to the other Faculty Requirements.

29. DEPARTMENT OF GEOLOGY

(i) Postgraduate Diploma in Geology (PGDG)
(ii) M.Sc, Ph.D in the following areas:
(a) Biostratigraphy
(b) Engineering Geology
(c) Environmental Geology
(d) Exploration Geophysics
(e) Structural Geology
(f) Hydrogeology
(h) Petroleum Geology
(i) Marine Geology
(j) Sequence Stratigraphy
(k) Remote Sensing
(l) Sedimentology and Reservoir Geology
(m) Organic Geochemistry

O'Level Requirements

All candidates must have five credit passes including English, Mathematics, Physics, Chemistry and Biology.

Requirements for PGD in Geology

(i) Candidates with Bachelor's Degree from approved universities must obtain a Third Class Degree in the relevant science disciplines as determined by the Department.
(ii) Holders of HND in relevant programmes from approved institutions with a minimum of Upper Credit may also be considered for admission.

Requirements for M.Sc in Geology

Candidates must possess a B.Sc degree or its equivalent from the University of Port Harcourt or other recognized Universities with a CGPA of not less than 3.00 on a 5-point scale. Candidates with PGD in Geology must have at least a CGPA of 3.50 on a 5-point scale to qualify for admission.

Requirements for Ph.D in Geology

(i) Candidates must obtain an M.Sc in Geology or any relevant discipline of the University of Port Harcourt or any approved University and have a CGPA of not less than 3.50 on a 5-point scale or equivalently computed for scales other than 5.
(ii) Candidates must score a minimum of 70% in a Ph.D admission interview organized by the Departmental Graduate Studies Committee.
(iii) Candidates deficient in any area in the M.Sc programme will be required to remedy the deficiency from M.Sc courses.

30. DEPARTMENT OF MATHEMATICS/STATISTICS

O'Level Requirements

All candidates must have five credit passes including English Language, Mathematics, Chemistry, Physics, Biology or Agricultural Science or Economics.

(i) Postgraduate Diploma in the following areas:
(a) Statistics (PGDST)
(b) PGD in Statistics & Mathematics (PGDM)

Requirements for PGD Statistics Programme:

Candidates must be holders of the B.Sc Degree in the Sciences or related disciplines obtained from University of Port Harcourt or any other recognized University.

(ii) M.Sc, Ph.D in the following areas:
(a) Pure Mathematics
(b) Applied Mathematics
(c) Mathematics/Mathematical Physics
(d) Statistics

Requirements for Masters Programme:

Admission to the Master's Degree Programmes shall be as obtained in general School of Graduate Studies requirements for admission into the M.Sc Programme

Requirements for Ph.D Programme:

(i) Candidates should have obtained an M.Sc Degree in Mathematics of the University of Port Harcourt or any other approved University and have a CGPA of not less than 3.50 on a 5-point scale or 3.00 on a 4-point scale.
(ii) Scored a minimum of 60% in a Ph.D admission interview.

31. DEPARTMENT OF COMPUTER SCIENCE

General Admission Requirements

All candidates must have five credit passes including English Language, Mathematics and three other related science subjects preferably Physics, Chemistry and Biology at O'level.

(i) Postgraduate Diploma in Computer Science (PGDCS)

Requirements for PGDCS in Computer Science

Candidates with 3rd Class Degree from an approved university with a minimum CGPA of 1.50 on a 5-point scale may be considered for admission. Holders of HND in relevant programmes from approved institutions with at least an upper credit in the sciences or related disciplines may also be considered for admission.

(ii) M.Sc in Computer Science

Requirements for M.Sc in Computer Science

Candidates with Bachelor's Degree in Computer Science or Computer Engineering from an approved University must obtain a minimum of second class lower division with a minimum CGPA of 3.00 on a 5-point scale. Candidates with PGD in Computer Science must have a minimum CGPA of 4.00 on a 5-point scale.

(iii) Ph.D in Computer Science with specialization in the following areas:
(a) Software Engineering
(b) Algorithms
(c) Artificial Intelligence – expert systems, neutral networks, fuzzy logic, pattern recognition, etc.
(d) Database Systems – object databases, data mining, information retrieval, etc.
(e) Systems Programming
(f) Web Applications

Requirements for Ph.D in Computer Science:

Candidate should have a Master's Degree in Computer Science or Information Technology with a minimum of 3.50 on a 5-point scale and a Dissertation score not lower than 60% (B). Candidates with PGD in Computer Science with at least CGPA of 3.50 on a 5-point scale in Master's Degree and Dissertation score not lower than 60% may be considered.

32. SCHOOL OF SCIENCE LABORATORY TECHNOLOGY (SSLT)

(i) Postgraduate Diploma in Science Laboratory Technology (PGD-SLT)

Areas of Specialization

(a) Biochemistry/Chemistry Laboratory Technology
(b) Biomedical/Physiology/Pharmacology Laboratory Technology
(c) Geology/Mining Laboratory Technology
(d) Microbiology/Virology Laboratory Technology
(e) Industrial Chemistry/Petrochemical Laboratory Technology
(f) Chemical/Petroleum Laboratory Technology
(g) Physics with Electronics/Production Laboratory Technology

O'Level Requirements

All candidates require a credit pass in English Language and Mathematics for all the courses. However, candidates who obtained their O'Level Certificates before 2012 without a credit pass in Mathematics or any of the Science subjects but have taken a remedial course in the School of Basic Studies may be considered.

Requirements for PGD Programmme (PGD-SLT)

Candidates must have either a B.Sc, B.Tech or BSLT Degree not lower than a Third Class with minimum CGPA of at least 1.50 or HND with a minimum of Upper Credit in any of the following areas: Biochemistry/Chemistry Laboratory Technology, Biochemistry, Chemistry, Medical Biochemistry, Pure and Industrial Chemistry, Pure and Applied Chemistry, Agricultural Technology, Virology Laboratory Technology, Microbiology Laboratory Technology, Nursing, Medical Laboratory Science, Physiology, Anatomy and

www.myschoolgist.com

Pharmacology, Geology, Geology/Mining Laboratory Technology, Mining Science, Mining Engineering Technology and Mineral Resources Engineering Technology, Microbiology, Biology, Biology/Biotechnology Laboratory Technology. Industrial Chemistry/Petrochemical Laboratory Technology, Chemical/Petroleum Laboratory Technology, Food Science Technology, and any of the Science Laboratory Technology Degree obtained from institutions recognized by the Senate of the University of Port Harcourt.

(ii) Master of Science in Laboratory Technology (MSLT)

Areas of Specialization

(a) Biochemistry/Chemistry Laboratory Technology
(b) Biomedical/Physiology/Pharmacology Laboratory Technology
(c) Geology/Mining Laboratory Technology
(d) Microbiology/Virology Laboratory Technology
(e) Industrial Chemistry/Petrochemical Laboratory Technology
(f) Chemical/Petroleum Laboratory Technology
(g) Physics with Electronics/Production Laboratory Technology

Requirements for MSLT:

Candidates seeking admission into MSLT in the various options must possess a B.Sc, B.Tech or BSLT with not less than CGPA of 2.40 on a 4-point scale and CGPA of 3.00 on a 5-point scale. Candidates with HND degree must possess Upper Credit and PGD-SLT in addition to a CGPA of 3.50 on a 5-point scale in any of the Science Laboratory Technology options.

E. FACULTY OF AGRICULTURE

33. DEPARTMENT OF CROP & SOIL SCIENCE

(i) Postgraduate Diploma Programme (PGD) in Crop & Soil Science
(ii) Master of Science (M.Sc) Programme in Crop Protection with specialization in
  (a) Crop Protection (Agric Entomology)
  (b) Crop Protection (Crop Pathology)
  (c) Crop Protection (Plant Nemathology)
  (d) Crop Protection (Weed Science)
(iii) Master of Science (M.Sc) Programme in Soil Science
(iv) Master of Science (M.Sc) Programme in Crop Production with specialization in
  (a) M.Sc Crop Production (Crop Physiology)
  (b) M.Sc Crop Production (Horticulture)
  (c) M.Sc Crop Production (Crop Breeding and Genetics)
(v) Doctor of Philosophy (Ph.D) Programme in Crop Production with specialization in:
  (a) Crop Physiology
  (b) Farming Systems/Field Crops Production
  (c) Horticulture and Landscaping
  (d) Plant Breeding and Genetics
  (e) Weed Science
(vi) Doctor of Philosophy (Ph.D) Programme in Crop Protection with specialization in:
  (a) Agricultural Entomology
  (b) Plant Pathology
  (c) Applied Nematology
(vii) Doctor of Philosophy (Ph.D) Programme in Soil Science with specialization in:
  (a) Soil Physics and Conservation
  (b) Soil Survey and Land-Use Planning
  (c) Soil Chemistry, Fertility and Mineralogy

Admission Requirements for PGD in Crop & Soil Science:

Prospective candidates must possess at least a Third Class Bachelors' Degree with a minimum CGPA of 1.50 in related fields or HND (Upper Credit) in a relevant agricultural discipline.

Requirements for M.Sc in Crop Protection:

- Candidates seeking admission into the programme must have a Bachelor of Agriculture or a Bachelor of Science in Crop Science, Horticulture, Agronomy and Forestry or in related fields from a recognized University with at least a CGPA of 3.00 on a 5-point scale or 2.40 on a 4-point scale.
- Have a Bachelor's Degree in any of the agricultural disciplines listed above with a CGPA of not less than 3.00 on a 5-point scale or Bachelor's Degree in a related science with a CGPA of 3.00 plus a PGD in Crop and Soil Science with a minimum CGPA of 3.50.
- Fulfill the general requirements as contained in the brochure of the School of Graduate Studies

Requirements for Ph.D in Crop Protection:

- Hold M.Agric or M.Sc or M.Phil in Crop Protection, Entomology, Nematology, Plant Pathology or Weed Science of an approved University.
- Hold a master's Degree in the specialized areas specified with a minimum CGPA of 3.50 on a 5-point scale or 2.80 on a 4-point scale.
- Comply with the general regulations, conditions and policies guiding graduate studies as specified by the School of Graduate Studies of the University of Port Harcourt.
- Candidates must submit a short research proposal to the Head of Department, at least 2 weeks to the date of interview and present themselves at the interview. Only candidates who score a minimum of 60% on average at the interview will be recommended for admission.

Requirements for M.Sc in Soil Science:

- Graduates of the University of Port Harcourt or other recognized Universities who have obtained the approved Degree of Bachelor in related fields with at least Second Class Honours Degree, with CGPA of 3.00 on a 5-point scale or 2.50 on a 4-point scale.
- Appropriate Postgraduate Diploma of the University of Port Harcourt or other recognized Universities with at least a lower credit pass of 3.50 CGPA on a 5-point scale.

Requirements for Ph.D in Soil Science:

- Graduates of the University of Port Harcourt or of other recognized Universities who have obtained an appropriate Master's Degree for the proposed area of study with a minimum CGPA of 3.50 on a 5-point scale or 2.80 on a 4-point scale, provided that satisfactory research work formed part of the Master's Degree.
- Candidates who hold qualifications other than the above, and are acceptable to the Senate of the University of Port Harcourt.
- Candidates from recognized Universities where grade point average (CGPA) is not given would be required to have average Master's Degree score of 60% or above.
- Qualified candidates shall present themselves for interview and score at least 60% at the interview to be recommended for admission.

Requirements for M.Sc in Crop Production:

Candidates seeking admission into the programme must:

- Have a Bachelor of Agriculture or a Bachelor of Science in Crop Science, Horticulture, Agronomy and Forestry or in related fields from a recognized University with at least a CGPA of 3.00 on a 5-point scale or 2.40 on a 4-point scale.
- Have a Bachelor's Degree in any of the agricultural disciplines listed above with a CGPA of not less than 3.00 on a 5-point scale or Bachelor's Degree in a related science with a CGPA of 3.00 plus a PGD in Crop and Soil Science with a minimum CGPA of 3.50 or HND (Upper Credit) in a relevant agricultural discipline. Fulfill the general requirements as contained in the brochure of the School of Graduate Studies.

Requirements for Ph.D in Crop Production:

- Hold M.Agric or M.Sc or M.Phil in Agronomy, Crop Physiology, Horticulture/Landscaping, Plant Breeding/Genetics, Crop Protection, Entomology, Nematology, Plant Pathology or Weed Science of an approved University.
- Passed the masters' degree in the specialized areas specified with a minimum CGPA of 3.50 on a 5-point scale or 2.80 on a 4-point scale.
- Comply with the general regulations, conditions and policies guiding graduate studies as specified by the School of Graduate Studies of the University of Port Harcourt.
- Candidates must submit a short research proposal to the Head of Department, at least 2 weeks to the date of interview and present themselves at the interview. Only candidates who score a minimum of 60% on average at the interview will be recommended for admission.

34. DEPARTMENT OF FORESTRY & WILDLIFE MANAGEMENT

(i) Postgraduate Diploma Programme (PGD) in Forestry & Wildlife Management
(ii) Master of Science (M.Sc) in Forestry with specialization in:
  (a) Silviculture and Forecast Biology
  (b) Forest Economics and Management
  (c) Biometrics and Measurement
  (d) Wood Science
(iii) Master of Science (M.Sc) in Wildlife and Ecotourism Management
(iv) Doctor of Philosophy in Wildlife and Ecotourism Management
(v) Doctor of Philosophy in Forestry

Requirements for PGD in Forestry & Wildlife Management:

Candidates must possess at least a second class (Lower Division) Bachelors' Degree in Forestry or Botany, Biology, Agriculture, Biochemistry, Geology and other related disciplines obtained from any recognized University. In addition, candidates must have the matriculation requirements of the Faculty of Agriculture, University of Port Harcourt. Candidates with Third Class Degree may be admitted for a terminal diploma programme (i.e.), they will not be considered for admission to pursue Master's Degree thereafter.

Requirements for M.Sc in Forestry and M.Sc in Wildlife & Ecotourism Management:

Candidates for admission into M.Sc programme must have a good Bachelor's Degree in Forestry/Forest Resources Management/Wood Science or Wildlife

Management. The prospective candidates must possess at least a second class (Lower Division) Bachelors' Degree with a CGPA of at least 3.00 (on a 5-point scale) in Forestry/Forest Resources Management/Wood Science, Wildlife Management or Agriculture, and other equivalent fields obtained from any University recognized by the Senate of the University of Port Harcourt. Candidates must have full Ordinary Level Certificate with a credit level pass in English Language. In exceptional cases, candidates with Bachelor's Degree in Environmental/Biological Science or related field who meet the above stated requirements, but have minimal deficiencies in Forestry, may be admitted. Such deficiencies through approved courses recommended by the Departmental Graduate Studies Committee will be audited.

Requirement for Ph.D in Wildlife and Ecotourism Management:
Candidates must have a good Master's Degree in Wildlife and Ecotourism Management with a CGPA of 3.50 on a 5-point scale from the University of Port Harcourt or any other approved University. In exceptional cases, candidates with Master's Degree in Forestry, Tourism, Environmental or Biological Science who meet the above stated requirements, but have minimal deficiencies in Wildlife Management and Ecotourism, may be admitted

Requirement for Ph.D in Forestry
Candidates must have a good Master's Degree in Forestry/Forest Resources Management/Wood Science with a CGPA of 3.50 on a 5-point scale from the University of Port Harcourt or any other approved University. In exceptional cases, candidates with Master's Degree in Environmental or Biological Science who meet the above stated requirements but have minimal deficiencies in Forestry may be admitted.

35. DEPARTMENT OF ANIMAL SCIENCE
(i)Postgraduate Diploma (PGD) Programme in Animal Science
(ii)Master of Science (M.Sc) programme in Animal Nutrition and Agricultural Biochemistry.
(iii) Master of Science in Animal Breeding, Genetics and Biotechnology
(iv) Master of Science in Livestock Production, Pasture and Range Management
Options: (a) Livestock Production and Management
(b) Pasture and Range Management
(v) Doctor of Philosophy (P.hD) in Animal Nutrition and Agricultural Biochemisty

Admission Requirements:
Generally, candidates seeking admission into graduate programmes in Animal Science in the University of Port Harcourt shall normally be graduates of the University or any other similar Institutions recognized by the University. They must possess a first Degree, preferably Bachelor of Agriculture (B. Agric, Animal Science option), Bachelor of Science (B.Sc, Animal Science) or in related area. The Degrees must ordinarily be registrable with the Nigerian Institute of Animal Science (NIAS).

O'Level Admission Requirements:
Candidates must possess a credit pass in Mathematics, English Language, Chemistry, Biology or Agricultural Science and any one of Physics, Economics or Geography at not more than two sittings.
Admission Requirements for PGD in Animal Science
(a) Minimum of 3rd Class honours Degree in Animal Science/Animal Production or related discipline with at least 1.50 CGPA.
(b) HND (Upper Credit) in Animal Science/Animal Production.
Admission Requirements for M.Sc in Animal Science:
(a) A good honours Degree in Animal Science or related discipline (of University of Port Harcourt or similar recognized institution) with a minimum of Second Class lower division with CGPA of 3.00 and above on a 5-point scale or 2.40 on a 4-point scale.
(b) HND (Upper Credit) in Animal Science/Animal Production plus PGD in Animal Science/Animal Production, with a CGPA of 3.50 in addition to satisfying the matriculation requirements of the University of Port Harcourt
Admission Requirements for Ph.D in Animal Science
Candidate must possess an M.Sc Degree in Animal Science or Animal Production of the University of Port Harcourt or other recognized accredited institutions with a minimum CGPA of 3.50 on a 5-point scale.

36. DEPARTMENT OF AGRICULTURAL ECONOMICS & EXTENSION
(1) Postgraduate Diploma (PGD) in Agricultural Economics & Extension
(2) M.Sc and Ph.D in Agricultural Economics
(3) M.Sc and Ph.D in Agricultural Extension
(4) M.Sc in Agricultural Resources and Environmental Economics
(5) M.Sc in Agricultural Extension Administration and Programme Planning.

(i) PGD in Agricultural Economics & Extension
Admission Requirements for PGD in Agricultural Economics & Extension:
An applicant should be a graduate of University of Port Harcourt, or a graduate from any other University recognized by the Senate of University of Port Harcourt. Candidates seeking admission into the (PGD) programme in agricultural economics and extension shall possess at least a second-class lower Degree in a non-agricultural based discipline or a Third Class Degree in Agricultural Economics and Extension option. Candidates seeking admission with HND must have an upper credit pass. In addition, candidates must possess the matriculation requirements of the Faculty of Agriculture, University of Port Harcourt.
(ii) M.Sc in Agricultural Economics with the following areas of Specialization in
(a) Farm Management & Production Economics
(b) Agricultural Finance & Project Analysis
Admission Requirements for M.Sc in Agricultural Economics
Candidates seeking admission into the Master of Science Degree programme in Agricultural Economics shall possess:
(a) A Bachelor's Degree in Agricultural economics or its related discipline with a minimum of Second Class (Lower Division) with a CGPA of at least 3.00 on a 5-point scale or 2.50 on a 4-point scale from any recognized University.
(b) Appropriate Postgraduate Diploma of the University of Port Harcourt or other recognized Universities with at least a lower credit pass of 3.50 CGPA on a 5-point scale.
(c) HND Upper Credit plus a PGD.

(iii) M.Sc in Agricultural Extension in the following areas of specialization:
(a) Agricultural Extension & Rural Development
(b) Agricultural Communication/Information Communication Technology
Admission Requirements for M.Sc in Agricultural Extension
Candidates seeking admission into the Master of Science Degree programme in Agricultural Extension shall possess:
(a) A Bachelor's Degree in Agricultural extension or related disciplines with a minimum of Second Class (Lower Division) with a CGPA of at least 3.00 on a 5-point scale or 2.40 on a 4-point scale from any recognized University.
(b) Appropriate Postgraduate Diploma of the University of Port Harcourt or other recognized Universities with at least a lower credit pass of 3.50 CGPA on a 5-point scale.
(c) HND Upper Credit plus a PGD in Agricultural extension and related fields

(iv) M.Sc in Agricultural Resources and Environmental Economics:
Areas of specialization:
(a) Agricultural Resources and Environmental Economics
(b) Agribusiness Management

Admission Requirements:
(a) A Bachelor's Degree in Agricultural economics or its related disciplines with a minimum of Second class (Lower Division) with a CGPA of at least 3.00 on a 5-point scale or 2.80 on a 4-point scale from any recognized university.
(b) Appropriate Postgraduate Diploma of the University of Port Harcourt or other recognized Universities with at least a credit pass of 3.50 CGPA on a 5-point scale.
(c) HND Upper Credit in addition to a Postgraduate Diploma.

(v) M.Sc in Agricultural Extension Administration and Programme Planning:
Areas of Specialization
(a) Agricultural Extension Administration and Programme Planning
(b) Agricultural Extension and Rural Development
(c) Agricultural Extension Communication/Information Communication Technology in agriculture.

Admission Requirements:
(a) A Bachelor's Degree in Agricultural extension or related disciplines with a minimum of Second Class (Lower Division) with a CGPA of at least 3.00 on a 5-point scale or 2.80 on a 4-point scale from any recognized University.
(b) Appropriate Postgraduate Diploma of the University of Port Harcourt or other recognized Universities with at least a credit pass of 3.00 CGPA on a 5-point scale.
(c) HND Upper Credit plus a PGD in Agricultural Extension and related fields.

(vi) Doctor of Philosophy (Ph.D) in Agricultural Economics
Areas of Specialization:
(a) Farm Management and Production Economics
(b) Agricultural Finance and Project Management
Admission Requirements for Ph.D Programme:
(i) M.Sc Degree in Agricultural Economics of the University of Harcourt or any other recognized University with a minimum CGPA of 3.50 on a 5-point

scale or 2.80 on a 4-point scale and a dissertation score not lower than 60% (B) at the M.Sc level.
(ii) Shortlisted candidates shall be required to submit a proposal on their intended research area of interest to the Departmental Graduate Studies Committee. Candidates shall be interviewed by the Committee and candidates who scored 60% and above will be admitted into the programme.
(vii) Doctor of Philosophy (Ph.D) in Agricultural Extension

Areas of Specialization:

(a) Agricultural Extension and Rural Development
(b) Agricultural Communication/Information Communication Technology in Agriculture.

Admission Requirements for Ph.D Programme:

(i) M.Sc Degree in Agricultural Extension of the University of Port Harcourt or any other recognized University with a minimum CGPA of 3.50 on a 5-point scale or 2.80 on a 4-point scale and a Dissertation score not lower than 60% (B).
(ii) Shortlisted candidates shall be required to submit a proposal on their intended research area of interest to the Departmental Graduate Studies Committee. Candidates shall be interviewed by the Committee and candidates who scored 60% and above will be admitted into the programme.

COLLEGE OF HEALTH SCIENCES

F. FACULTY OF BASIC MEDICAL SCIENCES

37. MD/MS DEGREE PROGRAMME

(a) Candidates must be either Medical Graduates (MBBS) of the University of Port Harcourt for not less than 5 years or confirmed and experienced academic staff of the University with Medical Degree of other recognized Universities.
(b) In addition to the above, candidates must possess either a recognized professional qualification at the fellowship level or at least an M.Sc Degree of a recognized University, after the MB.BS Degree.

38. DEPARTMENT OF HUMAN PHYSIOLOGY

(1) PGD in Human Physiology
(2) M.Sc, Ph.D in Human Physiology

Special areas:

(a) Membrane Physiology
(b) Endocrine and Reproductive Physiology
(c) Blood Physiology
(d) Nutrition Physiology
(e) Neuro Physiology

Requirements for M.Sc Programmes:

(i) Graduates of the University of Port Harcourt or other Universities recognized by statute of the University of Port Harcourt with a Second Class Honours Degree with a minimum CGPA of 3.00 on a 5-point scale or its equivalent in Human Physiology or related discipline.
(ii) Holders of MB.BS, DVVM or BVM, Pharmacy, Pharmacology, Biochemistry, Anatomy with a CGPA of 3.50 in Postgraduate Diploma in Human Physiology.
(iii) **Requirement for Ph.D Programmes:** Candidates must possess an M.Sc or M.Phil Degree or its equivalent in Human Physiology in addition to the other Faculty Requirements and a CGPA of 3.50 and above.

39. DEPARTMENT OF HUMAN ANATOMY

(i) M.Sc, Ph.D in Anatomy

Requirements for M.Sc in Human Anatomy:

(a) Candidates must possess a Second Class Honours Degree with at least a CGPA of 3.00 on a 5-point scale or its equivalent in Anatomy from the University of Port Harcourt or other recognized Universities.
(b) Holders of good Degrees in Medicine and Surgery, Veterinary Medicine and Physiotherapy.

ii. Areas of Specialization in Ph.D Anatomy:

(a) Histochemistry and Teratology
(b) Clinical Anatomy
(c) Physical and Forensic Anthropology
(d) Radiological Anatomy

Requirements for Ph.D inAnatomy:

Candidate must have MSc Degree in Anatomy with a minimum CGPA of 3.50 points on a 5-point scale or its equivalent qualification. Interviews are conducted to assess candidates before admission and final selection is based on interview performance.

40. DEPARTMENT OF PHARMACOLOGY

(i) PGD in Pharmacology

Candidates must posses a Bachelor's Degree with a minimum of Second Class (Lower Honours) in either Biochemistry, Physiology, Anatomy, Biomedical Technology, Nursing, Physiotherapy, radiography, Optometry, Medical Laboratory Science, any related Biological Science disciplines or a Third class in Pharmacology.
(ii) M.Sc Pharmacology
(a) Candidates must possess a Second Class Honours Degree with at least a CGPA of 3.00 on a 5-point scale or its equivalent in Pharmacology from the University of Port Harcourt or other recognized Universities.
(b) Holders of good Degree in Medicine and Surgery, Veterinary Medicine, Dentistry, Physiology and related Biomedical Science subjects.
(iii) Ph.D in Pharmacology: Candidates must possess an M.Sc or an M.Phil Degree or an equivalent Degree in Pharmacology in addition to the other Faculty Requirements with a minimum CGPA of 3.50 on a 5-point scale.

41. DEPARTMENT OF HAEMATOLOGY, BLOOD TRANSFUSION AND IMMUNOLOGY

Requirements for M.Sc in Immunology Programmes:

A minimum of five O'level credit passes including English Language, Biology, Chemistry, Mathematics and Physics.
The course is open to graduates of Medicine, Dentistry, Anatomy, Physiology, Pharmacy, Pharmacology, Nursing, Biochemistry, Molecular-Biology, Microbiology, Animal Science, Veterinary Medicine and Zoology. Candidates who hold a minimum of Second Class Honours (Lower Division) with a minimum CGPA of 3.00 on a 5-point scale in any of the above-mentioned courses, from the University of Port Harcourt or other recognized Universities shall be eligible for admission into the programme (except for the Medical, Dental and Pharmacy graduates whose Degrees are unclassified).

G. FACULTY OF CLINICAL SCIENCES

42. M.Sc Sports Medicine

(a) For medically qualified persons with MB.BS, B.Ch or a fellowship in any Medical discipline.
(b) The duration of Course is 18 – 36 months.

The Course work will be taught in two semesters of 12 months while the student will spend the remaining 6 months in a training attachment and a project work.
(c) Area of specialty – Sports Medicine generally, while the project work will be on Sport of interest.

43. DEPARTMENT OF PREVENTIVE AND SOCIAL MEDICINE

i. Master of Public Health (MPH) for MBBS graduates
ii. Master of Science in Public Health (MSc Public Health -MScPH) for other B.Sc in Science, Anatomy etc.

Admission Requirements:

The Programmes will be open to candidates who possess a first Degree in Medicine, Basic Medical Sciences, Pharmacy, Nursing and other relevant courses allied to Medicine. In addition candidates must have at least three years post Degree experience and must have completed National Youth Service (NYSC) programme. Candidates for admission into the programme will undergo a selection process and only those who are successful will be admitted into the programme.
To serve the interest and needs of all Medical, Health and allied professions who desire the programme, there is need to simultaneously mount two separate programmes, one for medically qualified graduates and another for non-medically qualified professionals who wish to practice Public Health.

Requirements for Master of Public Health Programme:

(a) MBBS or its equivalent, with a minimum of three years post qualification experience.
(b) Candidates are also required to pass the qualifying examination.

Requirements for MSc Public Health Programme:

(a) B.Sc Honours in a health-related discipline with a minimum of Second Class Lower Division (2^2) Degree with CGPA not less than 3.00 on a 5-point scale or CGPA of 2.50 on a 4-point scale.
(b) Candidates are also required to pass the qualifying examination.

H. FACULTY OF PHARMACEUTICAL SCIENCES

44. DEPARTMENT OF PHARMACOGNOSY & PHYTOTHERAPY

(i) M.Pharm and Ph.D Programmes

Areas of Specialization:

(a) Phytochemistry/Phytotherapy Research
(b) Medicinal Plant Research
(c) Standardization of Phytopharmaceuticals/Herbals
(d) Formulation Studies of Herbal Products
(e) Tissues Culture

Requirements for M.Pharm

Candidates must possess a good first Degree in Pharmacy from the University of Port Harcourt or any other recognized University, not below Second Class Honours with a minimum CGPA of 3.00 on a 5-point scale. Non pharmacy graduates in closely related subjects like Chemistry, Biochemistry and Botany

may be considered for admission. Such candidates may be required to take remedial undergraduate courses in Pharmacognosy as recommended by the Departmental Graduate Studies Committee.

Requirements for Ph.D

(i) Candidates who possess the M.Pharm Degree in Pharmacognosy of the University of Port Harcourt or any other recognized Universities, with a CGPA of 3.50 on a 5-point scale. However candidates with CGPA of 3.00 in their M.Pharm or M.Sc Programmes in the Pharmacognosy or related disciplines may be considered for admission. Such candidates shall be required to take recommended 700 level/remedial courses which they must pass at an average score of 60% in the first year.

(ii) Candidates with M.Sc/M.Pharm Degree (minimum CGPA of 3.50); M.Phil Degrees in Pharmacognosy, Ethnomedicine, Chemistry, Biochemistry or Botany of the University of Port Harcourt or other approved Universities. Final selection of candidates is by presentation of a research proposal. Part-Time candidates will also be considered.

45. DEPARTMENT OF PHARMACEUTICS AND PHARMACEUTICAL TECHNOLOGY

(i) M.Pharm and Ph.D Programmes

Areas of Specialization for M.Pharm:

(a) M.Pharm in Pharmaceutics
(b) M.Pharm in Pharmaceutical Technology

Requirements for M.Pharm

Candidates must be graduates of Pharmacy from the University of Port Harcourt or any other recognized Universities with at least a Second Class (Lower Division) or a declassified approved Degree Programme with evidence of good performance in pharmaceutics. Candidates shall be required to satisfy the Department in a selection process.

Areas of Specialization for Ph.D:

(a) Ph.D in Pharmaceutics
(b) Ph.D in Pharmaceutical Technology

Requirements for Ph.D

(i) A graduate of the University of Port Harcourt holding a Master's Degree (M.Pharm) in the specialized field of Pharmaceutics and Pharmaceutical Technology with requirements as stated above for the M.Pharm Programme.
